

BUYER BEWARE

Some online stores could pose risks for your pet's health.

OUR ONLINE STORE IS SAFE AND CONVENIENT.

The FDA has warned customers about the risk of buying pet medications from unsafe sources online, calling some websites "fronts for businesses breaking Federal, State or International laws."¹

"These illegal pet pharmacies may sell counterfeit, outdated, mislabeled, incorrectly made, or improperly stored drugs. They may not want to refund you if you have problems with your order."¹

Unlike some other online pet stores, our online store is safe and convenient.

- All products are purchased directly from the manufacturers and carry the 100% safe manufacturer guarantee²
- Our pharmacists are specifically trained in veterinary medications
- Our veterinarians know your pet's history and will make sure your pet's medication is always appropriate, even if your pet's health changes
